Hi I'm Dart!

I was the very first horse to get one of these well cool new halters! I did wonder what was going on at first, my hooman mum had been using this old halter that she really didn't like, and you know what I didn't like it much either, it was a bit hard and mum was getting really frustrated with me, she said I wasn't listening to her, but I was, well I was trying to, I'm still a baby, but I just didn't understand what she wanted. She kept going on to my Auntie Shirley to hurry up and make the halter for me!

I didn't understand what she was on about, so I just kept being a horse and playing with my bestie Carlos and surrogate-dad Digby (he's well good with me, puts up with all the times I do daft things! And I can hide behind him when the boss gets a bit stroppy with me, not my mum, Spirit, he's just awesome! He knows sooo much, he's learned loads from my hooman mum and Auntie Anna, and he's been teaching me loads, so I can be the bestest Stallion ever and get to go to loads of new places with mum! He just gets a bit grumpy with me sometimes, buts that's ok, I have to learn how to behave suppose.

So, a while ago, Auntie Shirley turned up with this yellow looking snake thing! I knew I was safe; my Auntie loves me so much I knew she wouldn't hurt me. Mum had me in the old halter in the field and was showing Auntie how much she hated it! She doesn't mince her words my mum! She's great! Makes me laugh! Auntie came over and swapped over the halters and put the yellow snake one on me… mum took hold of the lead rope, and you know what I could feel her straight away, but I could barely feel the snake thing on me, I just knew exactly what she wanted me to do, it was amazing! Wherever mum walked I knew where she wanted me to be, it felt awesome! Mum was sooo happy! I was happy, I can't tell you how much cos I'm a horse and don't' have all the words! But it was like when Digby reminds me, I need to get out the way sometimes and not bump into him, and he doesn't even touch me! I'm learning so much from my friends and even more with mum now, it's like she knows my language! I've had to get special interpreter to do this letter to you, because I just had to tell you that if you're struggling with your hooman mum or dad, they may need one these snake thingys! They're brilliant!
